

MARZAMEMI

A slice of Italy brought to Richmond with live Italian music, Italian banquets & food stalls, cooking workshops, curated design & artsian shopping and plenty of fun for the kids.

Case Study

Marzamemi Festival

We were delighted to be asked to manage the coordination and delivery and oversee health & safety for Marzamemi Festival

The event is family orientated and held over two days in Old Deer Park, Richmond with live music, food, children's areas and more. Marzamemi brings the beautiful seaside town of Marzamemi, Sicily, to Richmond with live music, Italian banquets, local delicacies, fashion and homeware.

Our event manager coordinated and lead the event to seamlessly integrate bars, catering, entertainment, event management and the total guest experience.

Our health & safety advisor was on site to oversee and ensure safety for the build, live and derig to ensure full CDM compliance and safety of guests on the live days.

Although the organiser was contactable and onsite, our event manager lead the event to ensure seamless service, leaving the organiser to enjoy themselves and spend time with their guests.

Our production management team provided a full range of event management services including:

Venue Liaison

Coordinating and liaising with the venue to meet their high standards and requirements

Safety Advisory Group

Meeting with the SAG and ensuring all requirements were met and event safety plans were to standard.

Services Coordination

Coordinated all services to bring together seamless delivery

Event Management

Provided an event manager for the planning phase and then on site for build, live event and derig.

Suppliers

Liaised with and coordinated suppliers and services to bring the event together

Health & Safety

Provided a health & safety advisor to safely oversee build, live and derig
